History

Make a difference, lend a hand!

Over the past 16 years, Leadership Henry has coordinated Hands on Henry, a hands-on-community service project held each April throughout the county. The goal of this project is to promote volunteerism, while improving the community via service to our community members in need. There is a lasting positive impact from the actions of citizens on this annual day of service. Leaders, businesses, and residents have a chance to take pride and get involved in their community to make it a great place to live and do business.

Each year sees over 1,000 volunteers out providing landscaping, cleaning and building repair as a few examples of the many projects benefiting schools, non-profit organizations, community parks, and more. Projects cover all corners of the county.

It truly is remarkable to see the spirit of the county in action through a collective effort built on pride for the community and a promise to leave the county in great shape for future generations. This also means leaving a sense of service with

people to remind them to give back to a place that has welcomed them and in which they call home.

WHY DO WE NEED YOU? HOW CAN YOU HELP?

Each new Leadership Henry Class is responsible for managing the largest volunteer effort in the county every year. It takes many people working together - individuals, businesses, organizations, youth groups - lending their time and their resources.

The Leadership Henry Class of 2015 has set ambitious goals to make this a memorable event and we need your help to get us there.

Your support can be shown in many different ways, and you are not limited to just one.

Our major needs are:

***Volunteers** - Does your organization/church have a group or groups looking for a project such as this? Can they manage a 4-hour commitment for just one day?

***Monetary Contributions** - Our projects and all that is needed to get the jobs done can't be done without financial support. There are some great incentives, including great media exposure for your contribution. Sponsoring feel-good projects like this really is priceless when people are noticing who is helping.

***In-Kind Donations** - You may not be able to provide monetary support, but you have materials that are equally vital. Our projects are beautification and building-oriented. But we need help advertising, providing food, logistics, and more. What's your area of expertise? Don't feel restricted. No donation is too small! **All monetary/in-kind donations are tax deductible!!**
